

Aztec Alfresco Pizza Oven – Dimensions

Dimensions are approximate. Amount of mortar used in shell joints and thickness of external plaster will vary. The Alfresco Pizza Oven will fit neatly on a 120cm wide x 130cm deep concrete bench top with the mantle sticking 18cm past the bench top edge. The bench top should be steel reinforced and minimum 8cm thick. 10cm will provide better thermal performance.

Height of center of oven dome ~ 64cm. Height to top of masonry chimney 107cm.

Internal dimension 80cm diameter x 38cm high in dome centre.
